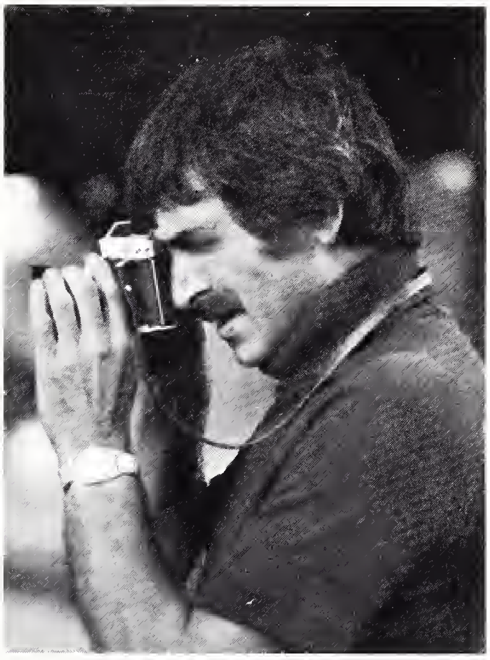
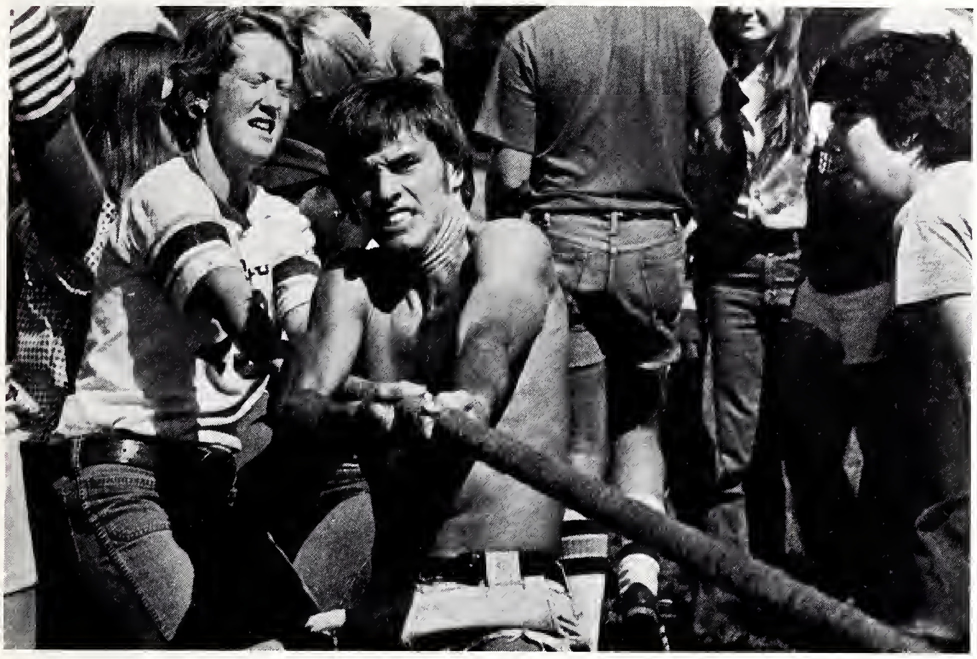
The memories of Freshman Camp, marching band, taking pictures, and just plain goofing off are GOOD TIMES GONE BY that you can take with you when your years at Millikin are finished.



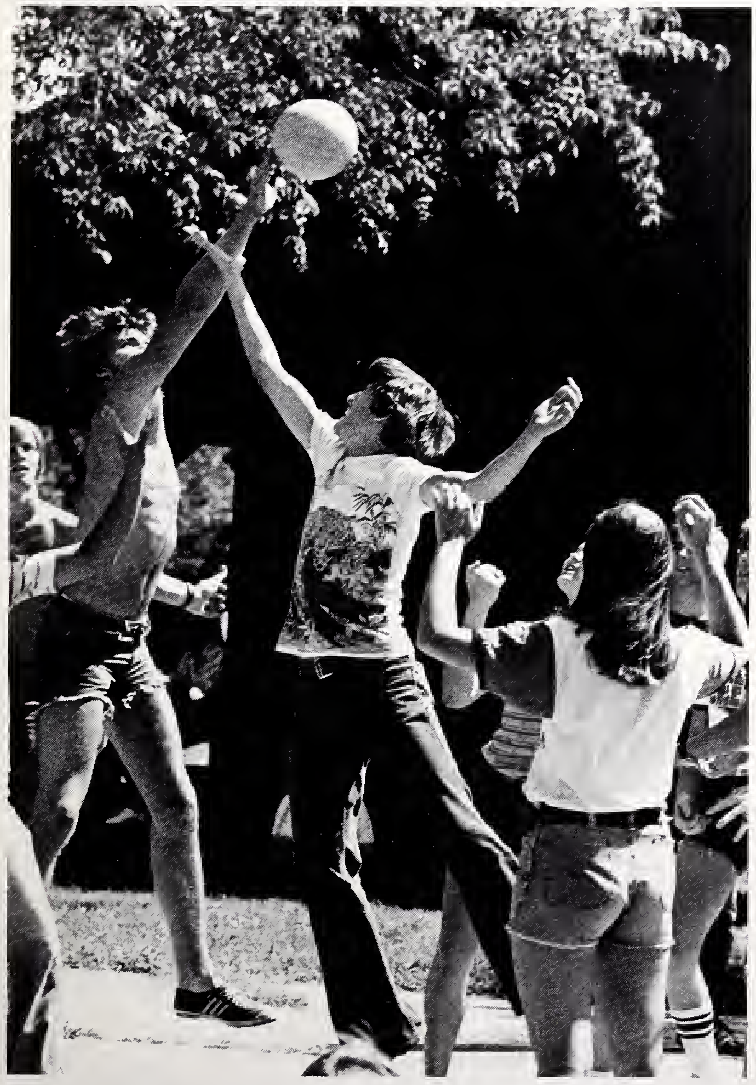
Freshman Camp is GOOD TIMES GONE BY because at the beginning of a different kind of life the freshmen are given a chance to learn more about Millikin and the people here by spending a weekend at Freshman Camp. Discussion groups, games, a water fight, and a dance highlight the weekend at Allerton Park.

MILLIKIN

32



Meeting new and exciting people, making lasting friendships, and learning about people in general are experiences to be treasured and to grow from. Attending college is a once in a life time experience and should be enjoyed to its fullest.



T
SPIRIT IS ALI

Each Homecoming means the opportunity for alums to come back to Decatur for a weekend to reminisce. Traditional kinds of activities all contributed to the theme, "Spirit Alive in '75." Participation in homecoming games, trivia bowl, creating house decs, and a packed stands for the Millikin victory over Wesleyan proved that Millikin students are still able to provide a spirited and entertaining weekend of remembering the GOOD TIMES GONE BY.

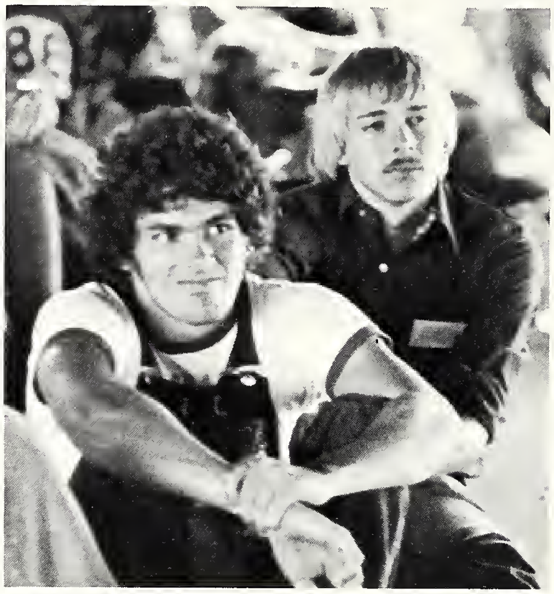
E IN 75
1775-19

Working as a group to win the overall trophy, cheering our team on to victory, preparing an act for the talent show, and providing half-time entertainment are many of this year's Homecoming GOOD TIMES GONE BY!

Walking hand in hand, sitting with a group of kids or sitting quietly alone, beautiful campus scenes, and a squirrel are all part of the memories of Millikin and GOOD TIMES GONE BY.



"Of the people in my past,
fading faces in a waking dream,
And though they never seem to last
very long,
there are faces I remember from the
places in my past."
James Taylor

UNIVERSIT

"Sometimes I can laugh and cry and
I can't remember why,
But I still love those good times
gone by
Hold onto them close or let them go."
James Taylor

Moving In's A Chore

Dragging eighty-pound trunks and suitcases upstairs, talking plants into adjusting to a new climate, and sorting through mounds of cardboard cartons were the primary occupations as Millikin students moved in and the campus came back to life. The first few days back were disorganized and confusing, but coming back to see friends again after a long summer and to meet new people was a definate fringe benefit that made the move much easier.

1. "I can't believe I brought the WHOLE thing." 2. Emy Rundiks, with a little help from some friends. 3. The Big Move.

Saturday Night Dance Highlights Freshman Camp

Freshman Camp is a weekend immediately before classes start in the fall when freshmen and upper class counselors go to Allerton Park, which is near Champaign, and get to know everybody. Freshman camp is a time where questions are answered, people are met, and a time to have fun. Discussion groups, tug of war, pyramids, relays, water fights, a dance and softball are all part of the exciting weekend. Tours of Allerton Park, a religious service, and games highlight sunday. Thenfor dinner on sunday night the freshmen are invited to President Miller's.

"Bee Alive" Theme For Fall Weekend

On a sunny saturday during the fall Millikin students got a chance to at least coerce a good dinner out of Mom and Dad, as Parent's Day passed again with the usual football game, little brothers crawling all over the place, and warm greetings with a pleasant way to spend and autumn afternoon.

"Spirit Alive In '75" Theme For Homecoming

Each Homecoming means the opportunity for alums to come back to Decatur for a weekend to reminisce. Traditional kinds of activities all contributed to the theme, "Spirit Alive In '75." Participation in homecoming games and trivia bowl, creating house decs, and a packed stands for the Millikin victory over Wesleyan proved that Millikin students are still able to provide a spirited weekend.

Christmas Cookie Party Highlights Holiday Fun

We got a white Christmas this time, that's for sure! Helping out the snow to keep us in the spirit were, for example, the Millikin Dames Christmas Party and a serenade by faculty members. And, of course, our holiday moods were lightened considerably as we looked forward to being done with FINALS and going home to our families to await the coming of Santa Claus.

Winter Term Classes Fun

The break in between semesters can be extremely "relaxing", say students who stay in Decatur for Winter Term. However, on campus courses such as a simulation of the UN Security Council and a study of Depression-era glassware augmented the usual trips and independent projects to make an interesting month. Such trips were taken as "Nautical History and Sailing in the Bahamas," studying the European culture while traveling in Europe, and taking it easy in Jamaica.

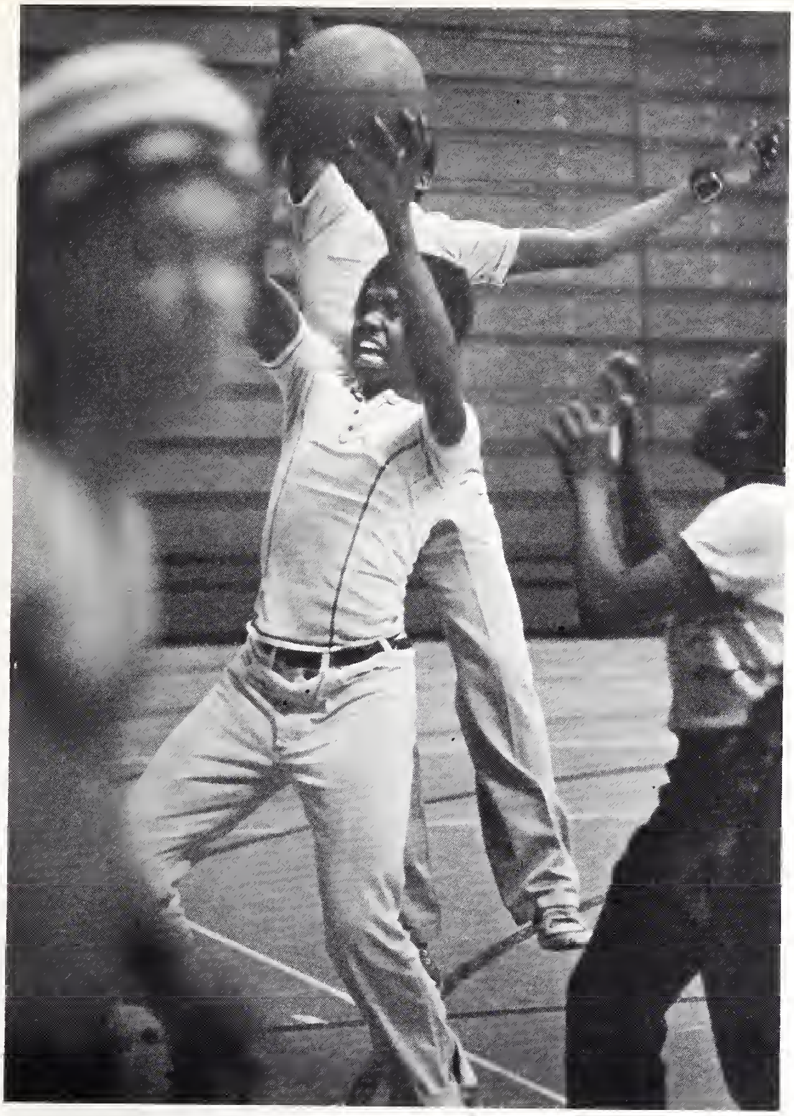
Tribute To Billie Holiday Highlights Black Emphasis

An important part of this campus comes from the many contributions of Millikin's black students. Black emphasis week is a time when the whole campus gets the opportunity to glimpse the significance of our black students at Millikin. Activities included a fun night at the gym, movies, discussions, music presentations, a tribute to Billie Holiday and the week came to a close on Saturday night with a formal.



Residence Hall Sponsors Spring Day

The Residence Hall council sponsored many activities throughout the school year. A Halloween and Christmas party in the fall semester and a Valentine's party and Spring Day in May were held the spring semester. Activities included a dance, watermelon races, games, a picnic and a band that night.

Formal Rush

Very Successful

During the first week of classes, Millikin's Greek houses hold formal rush for students interested in pledging. New students attend parties at each house and get to know the individual and special qualities of each to help them make a decision.

Rush involves a lot of work and cooperation, but the ending is exciting and happy when pledging comes and the sororities and fraternities welcome their new members in sharing their homes and part of their lives.

Even if a student decides not to pledge a house, he or she will have many lasting memories.

Forgotten Poem

I composed a poem to you one night
in my head
before sleep
reciting it over and over to myself
memorizing my thoughts of you.

It rests somewhere in time
a night poem.
Lost among the sheets
waiting to be found
or crumpled up and tossed away
forever.

Collage Enlargens Issue

Collage is a collection of creative works submitted by the students and faculty of Millikin each semester. Included within its pages are photographs, pen and ink drawings, poetry, short fiction, one-act plays, book, movie, and record reviews, and informal essays. This year Collage has increased its number of pages in each issue and has had more copies available to the students and faculty. Mollie Freier is the editor of the collection of creative works.

"Good Times Gone By" Theme of 1976 Millidek

1

Setting up groups, catching people at that perfect moment, laying out, cropping, writing, all this and much more is involved in putting together the Millidek. Many people and many hours are used to make our yearbook memorable and enjoyable. From class and faculty pictures to sports, from Greeks to organizations and activities, and those candid pictures that happen to be snapped at just the right time, the Millidek yearbook is a meaningful record of everything that goes on at Millikin University.

For Soul Only

The purpose of For Soul Only is to enrich black culture on Millikin's campus as well as the town of Decatur. Some of FSO's functions are to provide voluntary services to the community, be a minority cultural center for Millikin, and sponsor an annual Kwanza Festival in October, which is a thanksgiving type celebration including a dance and fashion show with parents invited. Also held annually is a Black History Week in February, a tribute to Rev. Dr. Martin Luther King, Jr. in January, and a Black Empahsis Week in March. FSO has regular business meetings once a week and provides activities throughout the week for members.

Marching Band 1976

Marching band provides the initial spirit kick-off for all Big Blue home football games, and maintains that spirit with entertaining half-time shows. The band plays "The Millikin Fight Song" every time Millikin scores with a touchdown. This promotes a spirit unbelieveable in the Millikin fans. The half time shows feature Charissa Thorpe, solo twirler, and Denise Hinck and Donna Jackson, twirlers.

Concert Band

Performances by the Concert Band allowed the people at the concerts to get a taste of the enjoyment of music in a form that is sometimes rare in everyday campus life. Members of the band come both from Millikin and the community. Robert Hearson is the director of both the marching and concert band.

Led by their new coach, Darrell "Skip" Green and co-captains Greg Peterson and Jerry Westwater, the 1975-76 Big Blue Tankmen and women swam past the highly favored Wheaton College to capture the CCIW crown. No one gave the Big Blue a chance, but due to the all out efforts of the entire team the Blue pulled through, winning 9 of the 15 swimming events. Senior, Bob Cavanaugh, was named most valuable swimmer (Mr. CCIW) of the conference. This season seven of the Blue swimmers qualified for the NCAA Division III Nationals held from March 18-20 in Washington, Pennsylvania. The seven qualifiers were seniors: Bob Cavanaugh, Dick Cavanaugh, Jerry Westwater, sophomore: Mark Steenrod, freshmen: John Britt, John Floren, and Keith Wellman.

Voices Behind The Big Blue

Squeezing practice time in between precious study hours, developing sore muscles, yelling your heart out, handing out a "Onto Victory" cake to the players before a game, making road trips and decorating locker rooms are all part of the life of a Millikin Varsity Cheerleader. These seven girls follow the various Big Blue Teams through thick and thin, from game to game, helping to spark enthusiasm in the athletes and the fans.

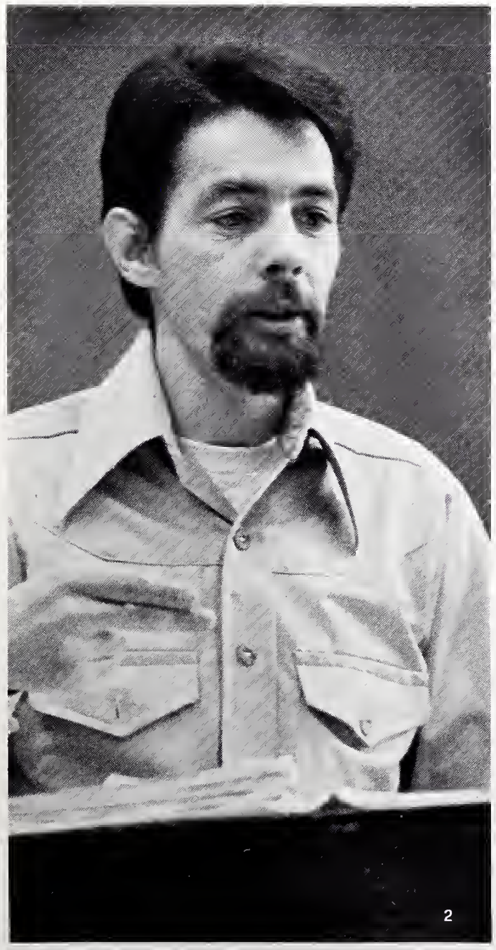
Religion

This year is a year of transition for the Religion Dept. Dr. Wing, who has been chairman for many years, finished his last year of teaching. Under his leadership, our majors have attended some of the best seminars and graduate schools in the country. Current majors are, for the most part, accepted in the Seminary or graduate school of their choice. His presence will be missed on campus. Next year there will be a new chairman, William Bodamer, and a new Asst. Professor of Religion to be chosen. We hope to keep and enhance the reputation of the department developed under Dr. Wing.



2

4

Political Science

The 1975-76 school year was a particularly good one for political science. A large number of new freshmen and transfer students admitted to the program and brought new enthusiasm and a fresh spirit to the department. It has been an active year for political science. Our group of majors has developed a new, weekly radio program for WJMU, while others have been active in Student Senate and in the editing and production of the DECATURIAN. Dr. McIntire attended a seminar on Diplomacy at Sarah Lawrence College and ran for election as a delegate to the Democratic National Convention. Mr. Bottorf also contributed articles to the DECATURIAN, and is a regular commentator on the WSOY SPECTRUM series.

1. Dr. William Bodamer, Religion 2. James Bottorf, Political Science 3. Dr. Edward Wing, Religion 4. Dr. Robert McIntire, Chairman of Department of Political Science

Music Department

Millikin's School of Music was represented well during Winter Term when the Jazz Lab Band journeyed to the west coast while the Millikin Choir gave concerts in St. Louis, Arkansas, Tennessee, Kentucky, and Illinois. Recitals were better attended due to a new requirement for attendance, and the bicentennial events for 1976 were programs for celebration of our nation's 200th year. Still undaunted by poor attendance of nonmusic students, the Choral and Instrumental organizations kept their driving rehearsal schedules to prepare for various concerts given throughout the year.

Chemistry Department

Dr. Clarence Josefson was appointed as lecturer on the Millikin faculty after teaching Richland Community College chemistry classes for two years. Dr. Josefson also organized a new sophomore level biochemistry course which was started the second semester. Dr. Mark Bacon replaced Dr. Fred Grosz who resigned to accept a position with Ambassador College. Two new Winter Term courses were successful. Dr. Bacon organized and taught "Altered States of Consciousness: A Scientist's View. Dr. Weatherbee, in addition to repeating a course in Genealogy, offered a new course in "Home Improvement".

1. Carl Weatherbee 2. Clarence Josefson 3. Peter Knoll 4. Mark Bacon

2

Biology Department

The Biology Department got off to a fine start in 1975. Returning teachers came back prepared to teach a new group of students from the class of '79, as well as the returning upperclassmen. Many of the biology professors gave up some of their free time to work with and sponsor various organizations associated with the department. Dr. Shell sponsored Alpha Epsilon Delta, a pre-professional honorary for those students interested in careers in the field of medicine. Dr. Baird, sponsor of Sigma Zeta, worked with the officers to coordinate an interesting series of programs concerning all aspects of the field of biology. Mr. Smithson along with Leslie Randle taught a Winter Term course in the Keys devoted to the study of marine biology and scuba diving.

During 1975-76 "activity" was the word for the Communication and Theatre Arts Department. The department produced its usual successful theatre season including productions of "1776", "The Crucible", "You Can't Take it With You", and "50 Years of American Musical Theatre." Mr. Terry Williams was added to the staff and was extremely well received. A workshop for secondary school teachers; a drama festival for Illinois high schools; a winter tour of "50 Years" and "1776" to central and northern Illinois high schools; and a collegiate debate were the major endeavors of the department.

Education

1975-76 was a time for change and planning more changes in the preparation of teachers. With the Teacher Education Council, The Education faculty has been considering possible revisions for course content, style, and sequence. Two new faculty members, Dr. Leo Smigelski and Dr. Dottie Cruce-Mast, bring much teaching experience, expertise, and new ideas to the Department. The classroom experience aspect of courses and Winter Term have been strengthened, and a Freshman Internship experience has been established for Elementary Education.

English

Over the past few years the English Department has moved to expand and broaden the type of offerings presented by this section of the Humanities Division. For students desiring an interdisciplinary approach to their major, the English Department now includes a full program, in cooperation with other departments, of course in American Studies. In response to growing interests in journalism and publishing, new courses in mass media were offered, and plans have been made to expand this field of study. A variety of writing courses, for students interested in either creative writing or professional writing work were taught by several members of the faculty. And an exciting course in Literature of the Film drew large numbers of students who saw a knowledge of the film media as useful in many professions.

History

Courses: The American Frontier is now a two-semester course making possible more in-depth study of the westward movement. A new course Nineteenth Century America places the emphasis on intellectual, social and cultural history. Dr. Dodge's sailing in the Bahamas is a regular annual event. Dr. Provan again led a class to England for study there. Happenings: Dr. Provan has published the papers of Sydney Herbert, 19th century British statesman; Dr. Mardock is preparing a book on migration from Illinois to the western U.S. during the post-Civil War period; Mr. Sheldon has completed his doctoral study on medieval demography for Indiana University. Dr. Dodge's article on Venezuela will be printed in an issue of Current History.

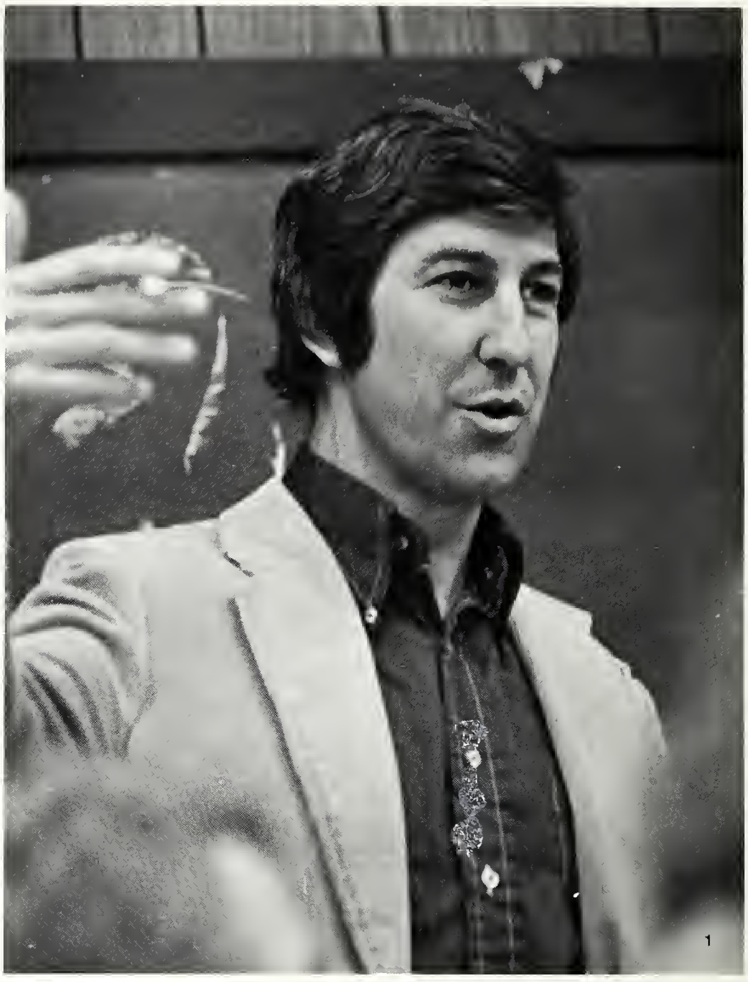
Foreign Languages

All members of the Department invite any student to discuss foreign study in Europe. Some programs require proficiency in a language, but there are some programs in English (London, Durham, Vienna) and there are programs in France and Spain for students who have had as little as one semester of a language. Europe Beckons!

1. Dr. William Ferris, Chairman of the Department of Foreign Languages 2. Dr. Carol Paul 3. Dr. Concepcion Castaneda 4. Dr. Carol Ross 5. Mary Lauerman



Philosophy

This year the Department of Philosophy featured two professors, Dr. Fredrick Mosedale and Dr. Arvid Adell. The Department sponsored the popular Socratic Society, a group which met on alternate Tuesday evenings and discussed current social and philosophical problems. Winter Term included an exciting class entitled SPORTS AND VALUE which included one week in Florida doing a sports practicum.

Mathematics

1. Dr. Ronald Shelton, Chairman of the Department of Mathematics 2. Dr. Fred Connell 3. Christopher Hanks

Physical Education

The Physical Education Department has about 100 majors. In our curriculum development we pay close attention to what is happening in the school system K through 12. We find more of a demand for physical education specialists in the elementary grades. In the middle school and high school there is a pronounced demand for qualified health teachers, and with the rapid growth of girls interscholastic athletics we are preparing our women majors to be qualified to coach and officiate. For the students at Millikin we will continue to offer courses in which interest is shown insofar as our budget, staff, facilities and equipment will permit.

How about tomorrow?

The end of the fourth year – and, the end of many frustrations.

A lot of work goes into earning a diploma. It's something to be proud of.

It is also a symbol of a new beginning. The time for a new search. A search for a job or more education; a place to work and live.

Whatever you decide, you are about to enter a different universe.

If you decide to work for a company, choose one you can become a part of – a company whose corporate ideas of right and wrong, whose reputation in the community compliment you.

Choose a company whose products or services contribute to the betterment of mankind. One that will allow you to make the best of your own capabilities.

It's not easy to find the right place. But the search can be worth the effort.
